BIOSPINE NEWSLETTER VOL.3

### Welcome Message

**Dear colleagues and Friends,**

On behalf of the Organizing Committee of the BIOSPINE-AP 2018, it is my great pleasure and honor to invite you to join the 1st Asia Pacific Congress on Biotechnologies for Spinal Surgeries. Since BIOSPINE was started in 2002, BIOSPINE has become a key role to facilitate active interaction between scientists and physicians for the development of innovative 'Biospine-Products' and built strong reputation. Aligned

with this accomplishment of BIOSPINE, we are going to initiate another step for BIOSPINE in Asia Pacific region, BIOSPINE-AP.

We establish BIOSPINE-AP as a strong platform for the development of 'Biospine-Products' in Asia Pacific region, which is endorsed by BIOSPINE. Asia Pacific region has abundant young and highly educated populations with very diverse geographical and ethnic properties. Through these diversities and highly competent populations, we expect active innovation is possible in Asia Pacific region.

Biomaterials are leading novel and creative therapeutic solutions which enable to overcome current limitation. For the success of its development and application in the real world, we need open and active contribution from diverse academic backgrounds and roles. Thus we open BIOSPINE-AP to Spinal Surgeons, Researchers, Veterinarians, Government Officers and Industries and set programs to share diverse insights and motivate active participation.

In April 2018, the 1st Asia Pacific Congress on Biotechnologies for Spinal Surgeries will be held in Seoul, Korea. It will be a real, lively, and open platform to exchange opinions and experiences between diverse groups. And this meeting will provide great opportunities to extend further discussion through our network.

We are very pleased to hold BIOSPINE-AP 2018 in Seoul, Korea from April 26 to 28, 2018 and cordially invite you all to attend the BIOSPINE-AP 2018. We very much look forward to welcoming you at BIOSPINE-AP 2018 in Seoul, Korea.

Thank you

Sincerely,

**Yong Eun Cho, M.D., Ph.D**  
Program Chair, BioSpine AP 2018
